SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

As of 04/02/21, CDPH and the CDC recommend delaying travel until persons are fully vaccinated. For more information visit: <https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/Travel-Advisory.aspx>

SITUATION SUMMARY

Coronavirus Disease 2019 (COVID-19) (Continued)

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 04/19/21 at 1100 hours:

- 142,676,937 (+825,788) total confirmed cases in 219 countries and territories
- 3,042,348 (+12,832) total deaths

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 04/19/21 at 1000 hours:

- 31,484,148 (+39,442) total confirmed cases
- 564,292 (+312) total deaths

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 04/19/21 at 1100 hours:

- 3,618,695 (+1,916) total confirmed cases

COVID-19 Vaccines Administered – Per Vaccine Task Force as of 04/18/21 at 2359 hours:

- 25,790,401 (+257,186) vaccines administered
- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details

WEATHER KEY POINTS

04/20/21 - 04/26/21

Tuesday-Wednesday

- Scattered showers and thunderstorms expected across northern California Tuesday and the central Sierra Wednesday
 - Small hail is possible with any thunderstorms along with a few lightning strikes
 - Average rainfall amounts from any showers will be light, mainly less than one-tenth of an inch. However, localized amounts of one-quarter inch or slightly more are possible near any thunderstorms.
- Cooler temperatures expected for many areas closer to the coast today and Wednesday, while inland and southern desert locations remain quite warm
- Areas of fog and some drizzle expected across coastal southern California through midweek, with locally dense fog also possible at times, especially overnight and through the mid morning hours

Thursday-Monday

- Warmer temperatures briefly return for all areas into late week, with a notable cool down statewide for the weekend and early next week
- A stronger storm system appears increasingly likely to impact much of the state Sunday through early next week, potentially providing much-needed precipitation for many areas, including the possibility of heavy snow for portions of the Sierra

CALIFORNIA WEATHER IMPACTS
